The storm struck about 9 p.m., smashing windows, battering roofs, denting autos, ripping and denting awnings, pulverizing paint and damaging house siding. The loss has been estimated at several hundred thousands of dollars.

The golf ball size hail fell with such force as to drive out the center of crashing glass. Motorists reported the hail so great they could not see the road. Persons with damaged roofs ran for roofs. In all types of patching material was pressed into use as broken windows, and tin, cardboard, paper boards continued to be charged throughout the city. Some windows with holes are stuffed with paper or rags.

**Church Windows Damaged**  
Stained glass windows at churches also were damaged, including the large window at Sacred Heart Church, 26th and Washington avenue. Twenty-one holes were knocked in the window that was imported from Ireland. Arrangements are being made for repairs. The 61-year-old stained glass windows at St. Elizabeth's church were damaged.

## Public Can Vote On Budgets Tomorrow

Annual Town Meetings Give Only Opportunity To Take Direct Action  
Quad-City residents have their only opportunity to vote directly on the budgets of taxing agencies tomorrow when annual town meetings will be held in all four local townships.

The 1964-65 budgets for Granite City, Venice, Nameoki and Chouteau townships will be presented for approval. Residents of the townships who are in attendance for the annual meetings can vote directly on the amounts. Normally, the meetings are attended only by township or municipal officials.

Public hearings were held last week for the budgets for Venice, Nameoki and Chouteau townships and one will be held at 1 p.m. tomorrow for Granite City township budget. There was no public attendance at last week's hearings and no changes were made in any of the budgets which had been on public display for nearly a month.

Tomorrow's public hearing for the Granite City township budget will precede the annual town meeting by an hour. Both sessions will be in the city hall.

**Town Meeting Procedure**  
At the annual town meetings, the persons present are entitled to elect their own presiding officer, a moderator, who will preside over the meeting.

## Sewage On Street Causes Collision, 2 Persons Injured

Sewage flowing onto the street from an overtaxed Nameoki sanitary sewer system late Saturday night caused a two-car crash Sunday afternoon in which two persons were hurt.

Police said both autos were traveling east in the 1500 block of St. Clair, and the auto of William Alternately was unable to stop because the street was slick with sewage. A passenger in his car, Mark Beasley, 11, of 2309 Elm street, was hurt.

## Committee To Ask For U.S.-Financed Lock, Dam Study

A committee to study a federally-financed study of a Mississippi River depth will be appointed this week by St. Louis Mayor Raymond E. Tucker. He announced at the end of a meeting on St. Louis port problems that the committee would be made up of representatives from the St. Louis city hall.

A lock and dam project costing \$40 to \$50 million is proposed near Jefferson Barracks and the Army Corps of Engineers. The U.S. House Public Works Committee have turned down initial study requests other than whatever "technical" studies the St. Louis district engineer can provide.

On the basis that the study request has been interpreted in Washington, personal contacts were planned with Congressional and Executive Corps officials at the national capital. Possible later contact with the Senate Federal aid bill to proceed even without an Engineer Corps recommendation, was mentioned.

The gathering of between 40 and 50 shipping and port officials heard A. C. Ingerson Jr., Federal Engineer, Illinois president, say a nine-foot river channel south of St. Louis was lacking for 82 days between Dec. 1952 and March 31. This comment followed a report by Col. James Meador, Jr., district engineer, that there was an insufficient channel only 49 days during the period.

Col. Meador defended the project.

### Board Member Says He Is Not In Federation

Ronald Dillard, a Granite City school board member and former teacher, informed the Press-Record Thursday evening that he has not retained his membership in a Federation of Teachers Local 783.

He had been heard to say that he was an AFT member during a school board meeting last week. The remark, which Dillard does not recall saying, prompted this comment by another member during the board meeting: "If this is the case, what is to stop there being seven AFT members on the board?"

Dillard also said he does not recall an earlier quote relating to "wasting \$18,000." As understood by the Press-Record, the gist of the comment was that Dillard did not favor dismissing a school superintendent if the individual would still be able to draw a regular yearly salary under his contract.

### Veterans Bridge Crash

Two Granite City residents were injured in an accident Friday afternoon on the Veterans bridge, East St. Louis, and were admitted to St. Mary's Hospital there.

They are Joseph L. Hanson, 2828 Wayne avenue, and Thurgood M. Hanson of the same address. He was released Saturday.

The collision, on wet pavement, occurred when a west-bound car driven by Ralph H. Fourcalt, of East St. Louis, skidded on a curve at the east approach into the path of Hanson's east-bound auto.

### Motorists Injured

Vernie Dye, 57, of 2314 East 24th street suffered a cut to the top of his head about 9:40 p.m. Saturday in a near head-on crash in the 2100 block of East 24th street. The other driver, Edward Rickert, 24, of 2437 East 24th street, was charged with reckless driving.

Engineer Corps record and cited unusual drought conditions. He said dredging is not authorized other than in the channel. He pointed out that river traffic was greater during the past winter than in the winter of 1962-63, and later statements brought out that much of the business lost by St. Louis ports was attracted to Granite City and Alton ports.

Mike Rudanovich, Jr. of the Longshoremen's Association reported loss of \$1 million in wages during recent months, with other losses suffered by truck drivers and others in related work.

Questionnaires were distributed, asking for data on the volume of business lost by St. Louis area firms due to low water in the river or at ports. Testimony indicated 27 of 40 river terminals in this area could not use their facilities at some time or another during the winter. It was stressed that the proposed survey would show long-range rather than immediate solutions. Cost of the study was not estimated.

### Opposing Pickets Show At Gov. Kerner Dinner

Pickets and counter-pickets marched in Alton Saturday evening when Gov. Otto Kerner appeared at a Democratic fund-raising, \$10-a-plate dinner at the Mineral Springs Hotel. A jam crowd of over 1200 persons, including several hundred Quad-Cityans led by County Democratic Chairman Walter Simmons, was in attendance.

The pickets were supporters of State's Atty. Dick H. Mudge, a candidate for the national nominating convention, who carried signs reading "Don't Vote Chicago—Vote Local."

Leaflets referred to "self-styled leaders of the East-St. Louis—Venice Township branch of Mayor Daley's Chicago machine." Fifteen opposing pickets carried signs reading "Madison County Is All O.K. for Otto Kerner."

During his speech, the governor said he will state a "people-to-people" campaign for re-election and claimed that the state is now fiscally more sound than any other state in the nation. He said when he took office in 1960 the state was \$13½ million in debt, but the general revenue fund now has \$100,000. He added that this was accomplished without any increase in taxes or new source of revenue.

## Strike by Custodians

against assembling while negotiations are held; business agents were empowered to use their discretion on any settlement of wages, although later ratifications would be necessary.

Teachers were believed to be meeting this afternoon to discuss their position. It was reported that several members of the American Federation of Teachers and members of school craft unions declined to work today due to the strike by Local 98.

If an injunction against a custodial strike issued, and if there has been no settlement, school maintenance workers are considering conducting a series of alternating strikes, Harrison said last week. Included would be laborer, janitor, carpenter and painter locals. The meeting held Saturday was at the Laborers' hall.

**Students Orderly Today**  
Contrary to developments during a teacher strike in Granite City several years ago, no disruption of the school day was reported today.

Harrison termed the strike "99% effective," saying that he had expected non-AFT teachers to report to the schools. A picket at Central school commented this morning that he did not expect the strike to last long. At McKinley school, a young boy approached and asked the striker, "Mister, can I go in the building?" He was told, "That's up to you, you have to make up your own mind."

Many of the McKinley pupils remained on the school playground as newswired cameramen recorded the events. One picket said, "I don't like to do this, but there are some things you have to do," while another said, "It's tough on the kids when both parents are away at work."

As one father escorted his daughter away, he observed, "I guess it won't hurt her to miss a day, anyway."

There were no indications at press time today of any move toward the end of the strike prior to Tuesday night. If the unions agree, presumably the business agents and school negotiators will meet.

## Granco Develops Special Floor for Office Bldgs.

Granco Steel Products Co. today announced the development of a new kind of floor system "an economic answer" to one of the most nettlesome problems in modern office building construction—where to put all the wires?

F. Alan Tarkis, Granco's general manager, said the company's engineers have developed a technique floor system that will be marketed nationally under the trade name of "Cel-Way."

He said the system "provides a permanent steel form or deck for the concrete floor slab and an under-floor network of large galvanized steel cells to carry telephone cables and electric wires for typewriters, calculators and other office equipment throughout the building."

The "Cel-Way" floor system makes it possible for the first time to fully electrify the thin structural floor slabs used with steel joist construction, Tarkis said. The system also features the use of a unique dual-service floor fitting that encloses both phone and power outlets in a single floor fastener.

Granco Steel Products Co. is a subsidiary of the Granite City Steel Co. Granco markets a broad line of steel building products for floors and roofs, highways and industrial buildings. Developed by Granco and manufactured by Granite City

Steel, these products are used in the construction of offices and apartments, industrial plants, motels, parking garages and other non-residential buildings all over the United States.

# Candidates Form 3 Pairs In GC School Board Election

The eight candidates for two Granite City school board positions now include three pairs, campaign talks late last week indicated.

Board President Ralph Ericker (city area) is running with Jack Speed (rural) with the backing of "citizens and taxpayers." Richard Neumann (city) and Boyd Presley (rural) are paired with support from members of Teachers' Local 743, and Dr. E. W. Walton (city) and Robert Crider (rural) are running jointly with the endorsement of the Trades and Labor Council and school maintenance workers.

Other candidates are John B. Moss (city) and Frank Mehelie (rural), who have not paired up. All eight addressed the Granite City Area PTA Council Thursday night at Lake school. Their remarks included in the order in which they spoke:

**Cites Qualifications**  
DR. E. W. WALTON—"Study the qualifications of the candidates and select the two you think are best qualified."

BOYD PRESLEY—"I have no political ambitions; I am for the children, taxpayers and school teachers. I favor direct negotiations with employers and more authority for bus drivers. If the bond issue fails, perhaps we may have to go on a 12-month school basis. If elected, my experience could be helpful in negotiating with teachers and other school employees."

JOHN B. MOSS—"I favor sound policies and would not favor any one individual or special group. I oppose conflicts of interest. There is no 'pie in the sky'; the increasing population is going to require more taxes. As a board member I would stand on my own two feet and use honesty and integrity. I would have an 'open door' policy. Come up and see me some time."

FRANK MEHELIE—"It would be an honor and privilege to serve on the board for the betterment of all the teachers, school bus drivers and Neumann,

Cricker said Supt. Harold M. Kaiser has turned down offers both of which are in trouble. He believes the school board has to have a (rural) school system in Granite City, and I want to see it kept that way, in the interest of the children and taxpayers. Our children have to come first in the school system, and the school board has to operate within its budget and according to the North Central Association rules. # Granite City School Candidates Give Views on Board Functions

## Eight Seeking Two Posts In Saturday's Election

Identical questionnaires were submitted to the eight Granite City school board candidates to aid voters in comparing their qualifications and views. The replies are given below with the pictures of the candidates.

Two are to be elected; four are seeking a city area post and four are seeking a rural area position on the board.

No more than one city candidate can be declared elected, meaning that the top rural vote-getter will win one of the posts regardless of his total. Two rural candidates could win, if they lead all others.

The initial part of each questionnaire included basic biographical information and a statement by the candidate on why he is seeking office. The numbered replies at the end of each listing relate to the following 11 questions:

1. Do you think the schools should teach the American free enterprise system?
2. Do you think school personnel convention expenses should be reimbursed at actual cost, or at a higher, fixed amount?
3. How much do you think the school district should pay the board secretary?
4. How much should the school treasurer be paid?
5. Do you think the school district should be operated so as to eliminate the need to borrow for current operating expenses?
6. Should the school district invest idle funds?
7. Should it build school additions from annual taxes for the building fund, rather than depend entirely on interest-bearing bond issues?
8. Do you think the school board should set school policies, or should it be influenced by special privilege groups?
9. Do you favor year-around school, with staggered quarterly vacations?
10. Do you think purchases should be made on the basis of open, competitive bidding?
11. What changes do you think should be made in the operation of the schools?

### FRANK MEHELIC

Frank "Sonny" Mehelic, 34, of Rural Route One, is a rural candidate for the Granite City school board in next Saturday's election.

He is a truck driver for the C. E. Barker Trucking firm and is president of the Granite City Investment Co., Inc., along with being treasurer of the Lucky Twenty Club.

His activities include a post as assistant manager for a boys' baseball and football team in the Granite City park district programs, and he is a member of the Granite City Boosters Club.

"I could not give up my high school," he said.

"To me, if elected," he said, "to restore harmony through direct negotiations, help build a higher moral character for our students through a well-rounded education, insure a high caliber of teachers, reduce overcrowding in the classrooms, and my ultimate goal is to have graduates who are proud to be from Granite City and in whom the community will be proud."

Mehelic's wife is the former Melba Walton and they have two children, Janis 13 and Frank 11.

### RALPH D. FRICKER

Ralph D. Fricker, 38, of 3213 Aurey avenue, is seeking re-election as an urban member of the Granite City board of education. He is completing his first three-year term.

He attended Granite City high school and is an inspector for General Steel Industries. He previously was a general contractor for eight years. He is a member of the Optimist Club and the First Assembly of God Church.

He and his wife, Mrs. Shirley Fricker, have two children, Vicki, 17, and David, 14.

Fricker is seeking re-election because of the increasing number of pupils in our system, and the demands being placed on board members. I feel we must have experienced men on the board to handle these affairs and keep our taxes from going out of sight, and yet we must maintain a high standard of education for our children.

### BOYD PRESLEY

Boyd P. Presley, 30, Rural Route One, is a candidate for a rural seat on the Granite City board of education.

A clerk at the post office here, Presley is state president of the Illinois Federation of Postal Clerks in which he represents 8000 members. This, he says, has given him experience in negotiating grievance procedure and meeting the public. He was graduated from Granite City high school in 1952 and attended Southern Illinois University.

He is a member and past vice-president of the Jaycees, was named outstanding New Jaycee of the Year award the following year. Presley is also a member of the Mitchell PTA, Mitchell Park Association, is a Big Brother for Co-ordinated Youth and was active in the oral vaccine immunization program.

"I have always been interested in our community development and our children which my activities in the Granite City Jaycees show," he said. "Any contribution that I can make today that will help make our young people better citizens tomorrow will not be wasted."

He and his wife, Marilyn, have two children, Deborah, 10, and Mark, 5.

### ROBERT CRIDER

Robert "Bob" Crider, 29, of Rural Route One, is a candidate for a rural seat on the Granite City board of education.

A 1954 graduate of Granite City high school, he is employed as an associate engineer by McDonnell Aircraft Corp. and is attending night school at Southern Illinois University, majoring in engineering. He is a member of the Baptist Church and Masonic lodge and has never held public office.

As his reason for seeking the office, he said "as a parent I am interested in seeing that my children get the best education available. I also feel that we need board members who are willing to negotiate directly and fairly for all concerned."

He and his wife, Mrs. Judith Faye Crider, have three children, Susan Lynn, eight; Roberta Faye, seven; and Linda Kaye, two.

### JOHN B. MOSS

John B. Moss, 69, who lives at 2012 Omaha street, is a city candidate. He is in the landscaping and nursery business and also has had experience working in the fruit and produce brokerage business, machine shop, foundry, automotive construction and trucking businesses.

Moss has attended Central High school in Pittsburgh, Kansas State Normal College, Kansas, and has studied through the La Salle Extension School in Law.

He has been a charity relief coordinator, and is active in veteran affairs as well as having been a precinct captain in Kansas City, Mo. from 1931 to 1953. He is a precinct commissioner in Granite City.

He and his wife are parents of five children, Gerald, 40, Mrs. Florence N. Popel, 38, Leonard, 37, David, 23 and Sharon, 18. Another son was killed in a traffic accident.

In seeking office Moss said he hopes "to increase harmony and the educational standard by promoting a healthier relationship between teachers, faculty and organized labor."

His answers to the Press-Record questionnaire follow:

### DR. E. W. WALTON

Dr. E. W. Walton, 48, of 57 Janday lane, is a city candidate for the Granite City board of education.

He has done YMCA work for 15 years, and is a member of the Toastmasters club and of the national board of directors of the chiropractic hospitals in the United States and Canada.

Dr. Walton was a staff manager of Metropolitan Life Insurance Co. prior to his completion of college and has never before held public office.

He and his wife, Daisy Lee Walton, have five children: Eugene Jr., 24; Inez, 22; Lynn, 18; Mary Beth, 17, and Darla Sue, 13.

He said, "Granite City has been good to me, so I feel I can show my appreciation to the board of education."

### Annual Spring Clean-Up Drive Opens In Venice

Aldermen Oscar King, a member of the street and alley committee of the Venice city council, announced at Friday night's meeting of the council that the city is beginning its annual spring clean-up.

King said it's "spring clean-up time again," and asked the other aldermen to urge citizens to cooperate in the effort by picking up debris that has been accumulated during the winter for street cleaning.

In other business, the aldermen approved the purchase of a copying machine for the police department.

The "thermo-fax" machine, obtained from Thermo-Fax Sales, Inc., "will really come in handy," Frank DeWitt, police chief, said. "Now we can use men on the force to greater advantage. They won't have to spend so much time doing routine office work." Under the new system, multiple copies of arrest records are required.

A treasury report for the past month showed that the city had a balance of \$73,696 on April 1, and \$72,184 on March 1.

### Candidate Moss Has No Connection With Paper

John B. Moss, who submits letters frequently for the Forum column, is not employed by the Press-Record as a columnist or in any other capacity, a spokesman for the newspaper said today.

Moss said in a Granite City school election campaign talk Saturday that he is a columnist for the newspaper, and mentioned its circulation. This is erroneous, the spokesman said, adding that the entire public has the right to have letters published in the Forum column.

### Assault Charge Filed

Venice police arrested Wallace Dandridge, 34, of 325 Mercadeo street on an assault charge after he allegedly struck and knocked down Albert N. Nest, 44, on the road at the Robin's Nest tavern at 1:15 a.m. Saturday. Her glasses were broken and she was taken to St. Elizabeth Hospital for emergency treatment. Dandridge was released on \$25 cash bond to return April 13.

### Richard Neumann

Richard G. Neumann, 32, of 3425 Loyola street, is a candidate for the urban seat on the Granite City board of education.

He is employed by McDonnell Aircraft Corp. and formerly was employed in auditing for eight years, including three as a certified public accountant for the Peat, Marwick, Mitchell Co.

He received a bachelor of science degree in commerce in 1951 at St. Louis University and is presently attending law school for one year. He is a member of St. John United Church of Christ, is president of the Board of the Fighting Warriors and is a sportsmaster for Wgna.

As a sponsor for seeking the office, he said "I desire to achieve the best possible results for Granite City an outstanding school system through fair treatment for all. Also, since higher real estate taxes will kill all growth in the area."

He and his wife have four children, 10, 8, 5 and 3 years old.

Neumann did not submit answers to the Press-Record list of 11 questions.

Bankruptcy proceedings involving him last year were explained Saturday by Neumann, who said they resulted from the business failure of an East St. Louis auto agency.

The filing on Aug. 7, 1963, listed liabilities of \$34,517 and assets of \$13,112. He said he purchased the former E. B. Jones Oldsmobile agency with financial aid from General Motors Corp. and that he asked him while he was a GM employee to take over the distribution.

The failure in 1959 was attributed by Neumann to the popularity of compact cars at a time when Oldsmobile had none, and to East St. Louis population. He said \$80,000 of the \$125,000 debt was borne by General Motors, which for tax purposes required him to file bankruptcy, delayed until last year due to the existence of 36-month and 42-month auto loans.
